

7th & 8th grade Cadets Craft Project, Club 5640

These are pictures of Oak Glen URC, Club 5640, working on a craft project. The 7th & 8th grade Cadets cut out foam padding to fit on top of a 5 gallon bucket lid. The foam was secured with a piece of plywood underneath. Each Cadet chose an emblem, such as Chicago White Sox, Chicago Black Hawks, Bass Pro Shops, Purdue University, & White Star Line, which was the company the Titanic sailed under.
