

Dear Head Councilors,

Camporee is one of the most exciting events for both the boys and councilors how attend. I have seen these events change lives including my own. It is now time to find out who is planning on going. To do this we would like you to fill out the attached form and send it to Allen Hulford. The committee has arranged to have two informational meetings on Thursday January 17th at New Life Church in New Lenox (500 South Gougar, New Lenox) and again at Bethel CRC in Lansing on Thursday January 24th. Both meetings will start at 7:00 with a video clip, and a talk about the Camporee. If you are planning on attending please make arrangements to attend one of these meetings.

There is also financial help available for any boy who may assistance in paying for the Camporee. Information on this can be found at:

<http://calvinistcadets.gospelcom.net/CadetWeb/pages/Camporee2008.html>

There are also links to other sites for the boys to win prizes and find out more about what is going on for this event and information about the family campground for those who plan on camping with the rest of the family. Registration forms are also on the site and will be in the Clarion for Counselors and Quest magazines for the Cadets.

The committee has been busy looking into transportation to and from Canada, and making sure that information and passport registration documents are available. Illiana Council has designated \$9,000 towards this event. Our plan is to have everyone registered and ready to go by the end of March. Here is how that will happen.

1. January meetings to pass on information and get names of those people who plan on attending.
2. February / March meetings to register boys, verify badge work and collect first paymet.
3. March meetings to collect the remaining registration money, verify permission forms and passport information is correct. Transportation information will be distributed and final count will be taken.
4. Late April early May Camporee Certification.

If you have any questions concerning this event you can contact Al Hulford at:
